# Introduction

c3imaging was first established in 1984, a pioneer in digital printing. We were originally called 'The Colour Copy Centre'.

As our service evolved so did our name, and as c3imaging we soon established a reputation as a supplier of quality graphics and innovative marketing products. Our cutting edge graphics have won awards, and our "can-do" attitude has won over customers from near and far. Now, with 10 branches in the UK & Ireland, you don't have to go far to experience c3imaging service as we have a branch near you...

# c3 Outdoor

Need to make a 'BIG' impression?

- outdoor advertising
- banners & flags
- events & conferences
- vehicle wraps
- signage
- hoardings
- construction
- illuminated displays

We can supply graphics that are so large and impressive they will capture the attention of your audience.

With our outdoor print capabilities we can create outdoor graphics at almost any size imaginable.

# c3 Print

No job too small or too big...

“Everything from a business card to a building wrap”

- full colour digital lithographic
- personalisation
- direct marketing
- large format digital printing
- direct mail & fulfillment services
- print finishing

From 50 personalised leaflets to 100,000 bespoke catalogues, we can provide all of your promotional and marketing literature, with perfect results from first to last. At c3imaging we can offer a cost effective and innovative approach to all your printing requirements.

We pride ourselves on supplying solutions that are backed up by the highest quality in graphic outputs and display systems.

# c3 Graphics

We can print on virtually anything...

- direct to virtually any substrate or surface
- large format outdoor digital printing
- inkjet
- canvas
- fabric and textile
- lambda photographic
- lightjet photographic

In these fast moving times where graphics are being used in new and innovative ways, c3imaging can help you to be bolder and more creative with your graphics.

We have the flexibility to print on a range of substrates from high resolution photographic outputs to pvc vinyl and textiles.

# c3 Services

What makes us different...

“You can trust us with your job”

- project management
- artworking
- site surveys
- finishing
- installation
- asset management
- data management & archiving

Because we offer the full range of services at c3imaging, you can rest assured your job will be well looked after. High quality customer service comes as standard. From planning, design and installation of your marketing materials...

To project management and archiving services... Our team of experts work together to look after your brand to the highest standard.

That's part of what makes us different.

# c3 Retail

Do you need to get this season's new look in store?

- brochures & price tickets
- hanging display
- posters
- backlit graphics
- point of sale
- merchandising
- in-store & outdoor signage
- interior displays & wallpapers
- window graphics

Well executed Point-Of-Sale has the unique ability to impact the buyer at the precise moment of purchase.

Working in partnership with our retail clients, c3imaging is continually finding ways of adding value through diverse and innovative approaches to production and delivery of all projects.

# c3 Display Hardware

Want to create a long lasting impression?

- popups & bannerstands
- lightboxes
- poster rails & frames
- literature racks
- lighting
- panel display systems
- cable display
- portable & robust carry cases

As specialists in exhibition and display solutions, we offer a wide range of pop-up display systems and roller banner stands with accessories such as lights, carry cases and leaflet stands.

A creative and well designed exhibition stand creates a long lasting impression and assists visitors to take the message your visual communications convey with them. Our expert team can create a display to meet your specific requirements regardless of size, ensuring maximum impact within a defined budget and timescale.

# c3 Exhibitions

Need fresh ideas for your next exhibition?

- modular display systems
- bannerstands
- flooring
- display
- shell schemes
- graphics
- marketing literature
- project management
- hire & rental
- installation & set up

c3imaging's quality custom built exhibition areas are an alternative to modular and pop-up display units. We can create custom built stands specifically to meet your needs.

Whatever your budget, we can provide made to measure custom display and exhibition systems that deliver the maximum impact.
